TYRE TRAC JACK

Simple in design and drastically helps technicians when mounting and demounting heavy wheel assemblies to and from a vehicle's hub. The Tyre TRAC Jack simply slides under the tyre and wheel and allows the technician to roll the wheel into place.

USE THE JACK, NOT YOUR BACK!

Minimise risk and ensure you are working safely and efficiently with TRAC. No more lifting, rolling or hauling tyres around.

DETAILS

- ✓ Heavy-duty welded steel construction offers extreme durability
- ✓ Steel base roller offers tire support and rolling convenience
- ✓ Ease of wheel removal and install
- ✓ Simple in design mounting and demounting heavy wheel
- ✓ No need to lift with your back
- ✓ Installation is just as easy
