

HARVIE

IT 3.7K230 LCD EVO

A compact induction heater designed for automotive and industrial applications. With its plug-and-play functionality, easy handling, and advanced LCD controls, it provides a safe and precise heating solution for tasks such as loosening bolts, unlocking steering components, removing bearings, and straightening metal parts.

IT 3.7K230 LCD EVO

ART NO: HIT3.7K230LCD

Strengths

- Plug & play
- External cap for cooling liquid refill
- Easy Handling
- High efficiency with 3,7kW
- Case design and graphics
- LCD Keyboard
- New hose package

Applications

The IT 3.7K230 LCD EVO induction heater is ideal for a wide range of applications such as:

- Unlocking of steering axis
- Unlocking of bolts / nuts
- Unlocking and replacing pins or bearings
- Bending
- Removal of suspension, shock absorber and exhaust
- Crankshaft straightening

Expert servicing available!

We offer professional maintenance and support to keep your induction heating equipment running at peak performance.

LCD Display

Increase/decrease power, temperature coolant and alarms

Technical Specifications

500x250x280h mm

710x410x610h mm

13 kg

Input power 3,7 kW - 16 A

Electrical connection IEC60309 230V/1PH+T 50

Duty cycle 9 min* (* ± 5% Ambient temperature at maximum power)

Frequency level 15-30 kHz

2,60 mt Power cable - Hose package

IP21 protection rating

Protection fuses

2 L tank - Liquid cooling system

Hydraulic heat exchanger with fan
